

STIMULUS PAYMENTS BEING SENT ON PREPAID DEBIT CARDS

Some payments may be sent on a prepaid debit card known as The Economic Impact Payment Card. The Economic Impact Payment Card is sponsored by the Treasury Department's Bureau of the Fiscal Service, managed by Money Network Financial, LLC and issued by Treasury's financial agent, MetaBank®, N.A.

If you receive an Economic Impact Payment Card, it will arrive in a plain envelope from "Money Network Cardholder Services." The Visa name will appear on the front of the Card; the back of the Card has the name of the issuing bank, MetaBank®, N.A. Information included with the Card will explain that the card is your Economic Impact Payment Card.

For those who don't receive their Economic Impact Payment by direct deposit, they will receive their payment by paper check, and, in a few cases, by debit card. The determination of which taxpayers receive a debit card will be made by the Bureau of the Fiscal Service (BFS), another part of the Treasury Department that works with the IRS to handle distribution of the payments. BFS is sending nearly 4 million debit cards to taxpayers starting in mid-May. At this time, taxpayers cannot make a selection to receive a debit card.
